

GLOSSWOOD®

Designer Lining Double Profile in Spotted Gum Matte

LINING BOARDS & DESIGNER LINING

Prefinished Natural Timber Lining Boards for Walls & Ceilings

GLOSSWOOD®

LINING BOARDS

90mm Lining Board in Distressed White Satin in Chevron pattern

“ Our wall and ceiling boards are a premium product at a cost-effective price that is guaranteed to transform your interior or undercover outdoor area. ”

- + NATURAL TIMBER
- + PREFINISHED
- + EASY TO INSTALL
- + RANGE OF COLOURS
- + LIGHTWEIGHT

PREFINISHED Choose from a wide range of Matte and Satin colours, and install with no sanding or painting required.

EASY-TO-INSTALL Our 90mm and 130mm wide boards with a V-joint tongue-and-groove profile allows for quick and easy installation. The 3.6m lengths are in packs of 10.

NATURAL TIMBER Our boards are made from a sustainable, lightweight hardwood, which is plantation grown and renowned for its beautiful woodgrain. The timber has natural properties that help protect against termites and is dimensionally stable.

GLOSSWOOD® DESIGNER LINING

QUANTITY REQUIRED

- 1 Measure the area and calculate square metres (sqm) you require.
- 2 Convert sqm you require to the number of boards to cover the area allowing approximately 10% wastage for cutting.
- 3 Measure perimeter to work out how many lineal metres of trims you require.
