Fire Your Imagination

View 8 Woodburning with optional glass top plate

Wood | View 8

View 8

The View 8 is designed to provide high efficiency heating for contemporary homes as well as creating an outstanding focal point for your living space. With a cast iron door and a large glass window to enjoy the burning flames, the View 8 can be hearth mounted or positioned on the optional Bench to achieve a distinctive look and create maximum visual impact. An optional glass top is also available to complement the glass on the plinth beneath the stove.

Features include:

- High efficiency of 65%
- Large glass window to maximize flame viewing
- Cleanburn
- Airwash
- Ceramic glass top (optional)
- Integral ceramic glass plinth
- Optional heat shield to reduce distance to heat sensitive materials
