

Signature 2014

Truly cutting edge design

The Signature range is truly cutting edge design. With the ability to add glass to one, two, three or four sides of the Double Vision, Elegance, Simplicity or Pure Vision models, it allows the designer total flexibility. Once the decision has been made on which sides will have glass, the designer then has the option to extend the glass up to 1600mm, creating an incredible design centrepiece for the modern home or commercial space.

Signature Range

850

1000

1500

1800

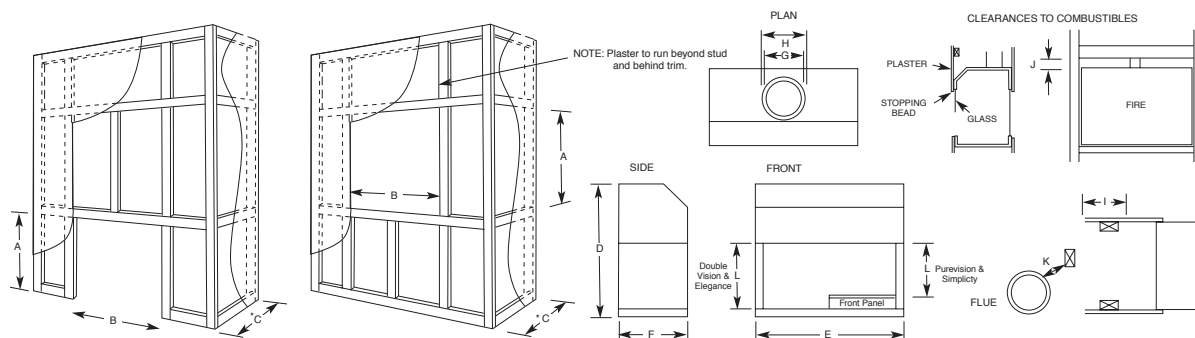

- 🔥 Conceived, designed, researched, developed and built in Australia
- 🔥 Decorative
- 🔥 Contemporary.
- 🔥 Conventional or Power Flue.

- 🔥 Glass options on all sides up to 1600mm
- 🔥 Pebble or coals and logs
- 🔥 Electronic ignition
- 🔥 New application
- 🔥 Natural gas or LPG

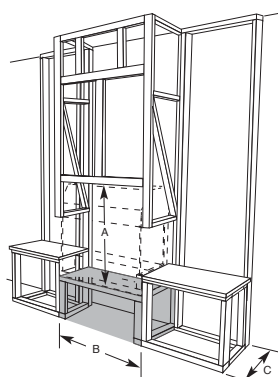

SPECIFICATIONS & CONSTRUCTION

Note: The Signature range are delivered fully assembled. MDF panels are fitted where glass is required to keep the unit square during installation. Once install is complete including plaster and paint, slide MDF panels out and replace with glass. Always check that unit is square before fixing.

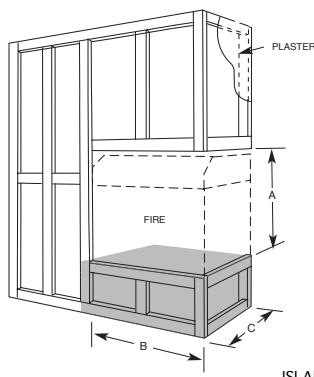

NOTES:
* C Dimension is finished depth including cladding.
